

Flight Case

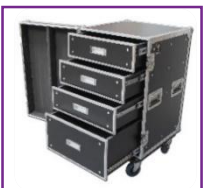

Our Services

Custom Built Flight cases are made-to-order in a range of size, colors and style. We stock a complete range of flight case components with various aluminum profiles, plywood, and plastic panels, 19" rack accessories, catches, handles, corners, foam, and blind rivets.

Our Flight cases provide secure and long-lasting protection for technical equipment. They are built with first-class hardware so that they can withstand the strain resulting from constant transportation.

About Product

Flight cases have been standard product for protecting sensitive devices and electronic instruments during transport for decades. Military, rental agencies, and public institutions are amongst the users. A complete range of hardware opens up unlimited possibilities and logistical advantages for you, and lets you construct the perfect transport case for almost any military and industry-oriented products, such as 19" rack equipment, computers etc. We offer individual OEM solutions in accordance with the customer specifications. Our sales team is always available to discuss your requirements.
